UNITED STATES

RESULT: PASS

Sample Description:	THE SCIENCE OF DISNEY IMAGINEERING: ENERGY		
Sample Size:	12 PIECE(S)	Mfr. Style No.:	N/A
Country of Origin:	UNITED STATES	P.O. No.:	N/A
Vendor:	ALLIED VAUGHN	PRR No.:	0963-WDHE0047
Manufacturer:	N/A	Shipping Dates:	01/01/00
Buyer:	MELISSA SEE	Testing Phase:	FA - FINAL AUDIT
Buying Group:	WDHE	Product Category:	SP
Labeled Age Grade:	NOT PRESENT	Sample Source:	N/A
Appropriate Age Grade:	CHILDREN PRODUCTS, OVER 8 YEARS OF AGE	UPC/SKU No.:	SKU # 77D73VL00
Tested Age Grade:	CHILDREN PRODUCTS, OVER 8 YEARS OF AGE	Project No.:	N/A
Size:	N/A	Season:	N/A
Size Range:	N/A		

TEST:

- CPSIA Total lead content in substrate (600 ppm)-comp
- CPSIA Total lead in surface coating (no composite)

EXECUTIVE SUMMARY:

The sample(s) MEETS the following requirement(s):

- The total lead content of 600ppm requirements by composite testing in substrate materials (Consumer Products Safety Improvement Act (CPSIA) of 2008).

See Data Table On Next Page

This report is governed by, and incorporates by reference, the Conditions of Testing as posted at the date of issuance of this report at <http://www.cps.bureauveritas.com> and is intended for your exclusive use. Any copying or replication of this report to or for any other person or entity, or use of our name or trademark, is permitted only with our prior written permission. This report sets forth our findings solely with respect to the test samples identified herein. The results set forth in this report are not indicative or representative of the quality or characteristics of the lot from which a test sample was taken or any similar or identical product unless specifically and expressly noted. Our report includes all of the tests requested by you and the results thereof based upon the information that you provided to us. You have 60 days from date of issuance of this report to notify us of any material error or omission caused by our negligence; provided, however, that such notice shall be in writing and shall specifically address the issue you wish to raise. A failure to raise such issue within the prescribed time shall constitute your unqualified acceptance of the completeness of this report, the tests conducted and the correctness of the report contents.

The sample(s) MEETS the following requirement(s): *continued*

- The total lead content of 600ppm requirements by composite testing in substrate materials (Consumer Products Safety Improvement Act (CPSIA) of 2008).

Element:			Lead	
Requirement: Maximum allowable limit:				
February 10, 2009:			600 mg/kg	
August 14, 2009:			300 mg/kg	
Sample Description			Result (mg/kg)	Conclusion
Color / Component	Location	Style		
(A) White paper substrate	Insert	-	6.29	Pass with comment 1
(B) White plastic	Case	-	LT 7.14	Pass with comment 1
(C) Clear plastic film	Slip cover	-	LT 7.90	Pass with comment 1
(D) Composite of clear plastic disc	Top layer and bottom layer	-	LT 8.82	Pass with comment 1

LT = Less Than

mg/kg = milligrams per kilogram (ppm = parts per million)

* = Average of duplicate analyses

Remark:

According to Children's Products Containing Lead; Exemptions for Certain Electronic Devices; Interim Final Rule, exemptions were granted to steel alloy containing up to 0.35 % lead by weight/ aluminium containing up to 0.4 % lead by weight/ copper-based alloy containing up to 4 % lead by weight. Therefore, this material containing the found heavy metals level should be exempted.

Comment 1: Compliance with CPSIA lead content of 600ppm requirement in substrate as of February 10, 2009 and CPSIA lead content of 300ppm requirement in substrate as of August 14, 2009.

Comment 2: Compliance with CPSIA lead content of 600ppm requirement in substrate as of February 10, 2009 but non-compliance with CPSIA lead content of 300ppm requirement in substrate as of August 14, 2009.

The sample(s) MEETS the following requirement(s): *continued*

- The total lead content requirements of modified 16 CFR 1303, "Ban of lead-containing paint and certain consumer products bearing lead-containing paint" (Consumer Products Safety Improvement Act (CPSIA) of 2008).

Element:				Lead	
Requirement: Maximum allowable limit:					
CPSC limit:				600 mg/kg	
CPSIA limit (August 14, 2009):				90 mg/kg	
Sample Description				Result (mg/kg)	Conclusion
	Color / Component	Location	Style		
(A)	All color coating	Front of case cover insert	-	10	Pass with comment 1
(B)	White coating	Back of case cover insert	-	LT 7	Pass with comment 1
(C)	All color coating	Disc	-	LT 7	Pass with comment 1

LT = Less Than

mg/kg = milligrams per kilogram (ppm = parts per million)

* = Average of duplicate analyses

Remark:

In some cases, the tested component cannot be tested individually due to overlapped coatings or insufficient sample weight based on 12 pcs of samples.

Comment 1: Compliance with current 16 CFR 1303 regulations and modified 16 CFR 1303 regulations of August 14, 2009.

Comment 2: Compliance with current 16 CFR 1303 regulations but non-compliance with modified 16 CFR 1303 regulations of August 14, 2009.
