888574422189 Mike Tyson Mysteries: The Complete Second Season 2015 In season two of the animated adult comedy series MIKE TYSON MYSTERIES, the team is back for more mystery solving. Mike Tyson (voiced by series star MIKE TYSON), once the "baddest man on the planet," remains hell-bent on becoming the "goodest man on the planet" ...one mystery at a time! But he can't do it alone. Enter the best mystery-solving team in the business: There's Yung Hee, Mike's adopted Korean daughter (voiced by RACHEL RAMRAS); all-around buzzkill Pigeon (voiced by NORM MacDONALD), a filthy, disgusting man trapped in the body of a filthy, disgusting bird; and Marquess (voiced by JIM RASH), the ghost whose sole mission is to keep Mike on the path to redemption. His other sole mission: finding a Pinot Grigio that's bold but has a crisp finish! The mysteries in season two are even more hilariously banal than season one as the team tackles

tough cases once again.

888574429829 Midnight in the Garden of Good and Evil (1997) (BD) 1997 The most important party of the Savannah Christmas season ends with a bang! when affable host Jim Williams (Kevin Spacey) shoots a man to death. The party is over; the investigation begins. Director Clint Eastwood weaves murder, mystery and voodoo into a sumptuous adaptation of the John Berendt best-seller based on true events. Spacey and John Cusack as a journalist drawn to Savannah's decadence and eccentrics lead a nimble cast that includes Jack Thompson, Alison Eastwood and The Lady Chablis. For "one of the best American films of the year" (Boston Herald), rendezvous at Midnight in the Garden of Good and Evil.

888574431266 Hollywood Legends of Horror Collection 1932-36 Classic tales of mad passions and madder deeds! Includes: Doctor X, The Return of Doctor X, Mark of the Vampire, The Mask of Fu Manchu, Mad Love, and The Devil-Doll.

888574444266 Guyver 2, The 1994 In this spectacular sci-fi sequel, The Guyver is drawn to an archeological dig in the Utah backcountry, where he discovers an alien ship filled with weapons capable of global destruction. With the fate of all mankind in his hands, he makes a final stand against the forces of evil.

888574444273 Guyver, The 1992 An innocent college student is thrown into a world of bizarre adventures after finding "The Guyver," an alien device that transforms him into a powerful fighting machine. Mark Hamill (Star Wars) stars as a CIA agent who is determined to keep the secret device from falling into the hands of evil Zoanoids, humans who mutate into monstrous soldiers. It's sci-fi adventure at its best, with epic battles between the forces of good and evil.

888574444280 Mangler, The 1995 "Masters of horror Tobe Hooper (The Texas Chainsaw Massacre), Robert Englund (Freddy Krueger, A Nightmare on Elm Street Franchise) and Stephen King (based on his short story) join forces to bring you a shocking tale of terror. After a series of grisly accidents, a cop (Ted Levine, The Silence of the Lambs) investigates the mysterious owner and uncovers a deadly town secret that has been hidden for years - a terrifying beast that threatens to destroy everything in its path. With time running out and a young girl's life in the balance, he races to destroy the beast before it's too late. Prepare for the most frightening experience in your life. Prepare to meet The Mangler."

888574444921 Isle of the Dead/Bedlam 1945 The most celebrated star in the history of screen horror headlines these two atmospheric works filled with producer Val Lewton's trademark mix of mood, madness and premeditated dread. Boris Karloff shares a quarantined house with other strangers on a plague-infested - perhaps spirit-haunted - Isle of the Dead. St. Mary's of Bethlehem Asylum in 1761 London is the setting for Bedlam. Karloff gives an uncanny performance as the doomed overseer who fawns on high-society benefactors, while ruling the mentally disturbed inmates with an iron fist. Mark Robson, who edited three films for Lewton and directed five, guides both films.

88857444938 Leopard Man, The/Ghost Ship, The (1943) 1943 Is it man, beast or both behind a string of savage maulings and murders in *The Leopard Man*? An escaped leopard provides the catalyst for a foray into fear in which castanets clack wildly, a cemetery is a rendezvous for death and love, and a closed door heightens rather than hides the horror of a young girl's fate. It's the third and final teaming of producer Lewton and director Jacques Tourneur (*Cat People*). And there's danger dead ahead when director Mark Robson (*Bedlam*) helms *The Ghost Ship*. Richard Dix (*Cimarron*, *The Whistler* series) plays the sinister captain whose port of call may be madness. All aboard!

88857444945 7th Victim, The/Shadows in the Dark (1943) 1943 Six people have broken a clandestine group's code of silence. The same six have died as a result. Now a new member of the group has gone missing. Will she meet the same fate? Chris Auty in *Time Out Film Guide* says: "The Seventh Victim is [Val Lewton's] masterpiece...a remarkably effective mix of menace and metaphysics - half noir, half Gothic." Kim Hunter debuts as a schoolgirl whose search for her vanished sister unearths an urban lair of devil worshippers. Mark Robson directs the first of his five Lewton films, bringing dark foreboding to moments that include a much-noted pre-*Psycho* shower scene and a shocker of a subway encounter better experienced than read about here.

888574416812 Originals, The: The Complete Third Season (BD) 2015 The Original vampire-werewolf hybrid Klaus Mikaelson and his brother Elijah have spent 1,000 years fighting to protect their dysfunctional family. And now that Klaus and the hybrid Hayley share an infant daughter, Hope, the stakes are higher than ever. Season Three finds Klaus and Elijah estranged from each other, while adjusting to life with their long-lost sister, Freya. Hayley suffers mightily at the hands of Klaus' petty vengeance, while Marcel and Davina rule the city. Cami and Vincent are tangled in a surprising mystery involving the newest resident of New Orleans - the first vampire ever sired by the Mikaelsons. With threats from the rebellious Strix and a fatal prophecy hanging over the Mikaelsons, all 22 sexy and suspenseful episodes simmer with bloodlust, revenge and supernatural warfare.

888574422127 Family Matters: The Complete Eighth Season 1996 Family Matters' eighth season starts off a bang-jour as Urkel (Jaleel White) transports himself, classy clone Stefan (Jaleel White) and the entire Winslow clan to Paris for an on-location three-part season-opening spectacular. Stefan pursues a career in modeling while he gets ready for his biggest adventure - college! Urkel's freshman year brings fresh fun for the Winslow family as Urkel becomes a martial artist to battle a playground menace, Eddie (Darius McCrary) finds southern belle Myrtle Urkel (Jaleel White) haunting his dreams, the house gets haunted by Urkel's living ventriloquist dummy, Stefan sings with New Edition and Aunt Oona (Donna Summer) goes on a date. It all comes to a climax as Urkel time-travels with Carl (Reginald VelJohnson) to become a pirate, leaving Laura (Kellie S. Williams), Myra (Michelle Thomas) and Maxine (Cherie Johnson) to retrieve them in this 24-Episode Collection.

888574407735 When a Feller Needs a Friend 1932 Eddie Randall (Jackie Cooper) is a

spunky, sweet-natured kid, but since he has a lame left leg and must wear a brace, he's a constant worry to his loving but overprotective parents, who keep him from playing with the neighborhood kids (they call him "Limpy"), as well as the target of mean-spirited treatment by his newly arrived, pugilistic cousin Froggie (Andy Shuford). But Eddie has a pal in his corner: feisty, tall-tale-spinning Uncle Jonas (Charles "Chic" Sale), a rascally codger determined to toughen up and make a "reg'lar" boy out of him. Winning child star Cooper and loose-limbed vaudevillian Sale (who specialized in playing old salts throughout his 30s and 40s) spin gold from this slender, heart-tugging material. Eddie must take hard knocks and smile through tears toward an outcome not as totally triumphant as you'd expect but, in the mode of Cooper's indelible earlier teamwork with Wallace Beery in *The Champ*, still movingly satisfactory. For a simple yarn both rambunctious and tender, you can lean on *When a Feller Needs a Friend*.

888574409647 Love Me or Leave Me (1955) (BD) 1955 "Roaring '20s songstress Ruth Etting had everything - the looks, the wiles, the smokey jazz voice, the it. She also had Chicago racketeer Martin "The Gimp" Snyder, who, even as he propelled her career, afflicted her. Laced with Doris Day's vibrant performance of songs from the era, this 1955 Academy Award® winner (Writing - Motion Picture Story) is based on the tough-minded tale of Etting's life with the man who boosted her career with strong-arm tactics and smothered her in an obsessive grip she escaped at great peril. As Snyder, Cagney earned of the film's six Oscar® nominations. Day's Etting was a career-best dramatic performance, bringing acclaim from critics and protest letters from fans unprepared for the departure from her traditionally sunny roles."

888574416805 Longmire: The Complete Fourth Season (BD) 2015 This contemporary Western crime thriller returns with more mystery, drama and dark secrets from Absaroka County, Wyoming. Now that the mysterious White Warrior who tormented Branch is dead, Sheriff Walt Longmire (Robert Taylor) and his friends are ready to move on. Walt's best friend, Henry Standing Bear (Lou Diamond Phillips), is a free man; deputy Victoria "Vic" Moretti (Katee Sackhoff) is newly divorced; and Walt's wife's murder is seemingly resolved. But just when second chances seem possible for everyone in Big Sky Country, the Reservation's new casino doubles down on trouble. All 10 compelling Season Four episodes explore the promise of new opportunities for some, new relationships for others and new danger for those unwilling to forget the past until vengeance is served.

888574421892 Crazy Ex-Girlfriend: The Complete First Season 2015 Rebecca Bunch is a successful, driven, and possibly crazy young woman who impulsively gives up everything - her partnership at a prestigious law firm and her upscale apartment in Manhattan - in a desperate attempt to find love and happiness in that exotic hotbed of romance and adventure: suburban West Covina, Calif. (it's only two hours from the beach! Four in traffic).

888574422110 Childrens Hospital: The Complete Sixth and Seventh Seasons 2015 The Emmy®-winning comedy continues (and finishes)! After spending last season in Japan, the gang is back at Childrens Hospital for season 6, and fans can expect absurdity, flights of fancy, hard-hitting fake drama, soft-hitting fake drama, farcical door slamming,

partial nudity, classical jazz, 70-yard field goals, mustache rides, backward messages, grooming tips... and so much more. Like season 7! Where the doctors are in...and so are their grandparents. Where a horse is wanted by the mob, a salacious art show exhibits the peculiar works of enigmatic cast member Just Falcon (if you know you know) and, occasionally, a sick kid receives some version of medical treatment. Plus, big questions are answered, including: What's it like to live in a world without tongue depressors? What's really inside Chief's hump? Is the series actually based on a sketch from a 1950s variety show? Which religion is the right one? The season culminates with a sneak peek at the never-before-seen, completely crowd-funded Childrens Hospital Movie. You won't want to miss a single second. Especially the 5,402nd second - that one is really great. Rob Corddry, Lake Bell, Erinn Hayes, Rob Huebel, Ken Marino, Megan Mullally and Henry Winkler star.

888574422202 The Monogram Cowboy Collection, Volume Nine: Starring Johnny Mack Brown 1946-48 Cowboy king Johnny Mack Brown became the first name in rip-roaring oaters while riding high for Monogram Pictures in the mid-forties, retiring the beloved Nevada Jack persona (but thankfully keeping the sidekick, Raymond Hatton) to eventually embrace battling the bad guys under the moniker Johnny Mack Brown. The nine nickel-plated six shooter sagas contained in this collection cover this transition as Johnny plays a succession of character variations on his own name (Johnny Macklin, Johnny Mack, Johnny Mackey) before finally saddling up as Johnny Mack Brown!

191091038475 Fursonas 2016 "Fursonas Approaching a community surrounded by so many rumors and misconceptions is no easy task. ""Fursonas"" Director Dominic Rodriguez is not without his own biases, but instead of attempting to deny this fact he faces it head on, unafraid to be shot down by his subjects. ""Fursonas"" is a whistleblower film that oscillates between the fantastic and the unusual, with moments of awe and wonder slapped against harsh reality. The audience can delight in infiltrating the fun - and sometimes-dark - secrets of an escapist group. Whether or not you've heard of furry fandom, this documentary transcends its bizarre premise to tell a universal story of identity and community. Like a small town in Middle America, you'll find friends in the most unusual places and unexpected enemies around every corner. Unlike a small town in Middle America, you'll find furies. Featuring never-before-seen photographs and 8mm footage of the era, ""My Father's Vietnam"" is the story of three soldiers, only one of whom returned home alive. Interviews with the filmmaker's Vietnam veteran father and the friends and family members of the two men with whom he served - both of whom who were killed there - give voice to individuals who continue to carry silent, psychological burdens of a war that ended over 40 years ago. ""My Father's Vietnam"" carries with it the potential to encourage audiences to broach the subjects of service and sacrifice with the veterans in their lives.

DVD features the official ""My Father's Vietnam"" trailer, interviews with Director Soren Sorensen, Peter Sorensen, Glenn Aurelius and John Wilson along with English subtitles for the deaf and hearing-impaired." Glenn Aurelius, Loring Bailey Sr., Margie Belford, Soren Sorensen, Rik Carlson
