CARRIE PILBY

AWOL

LOLA KIRKE BREEDA WOOL

888608667494 **Carrie Pilby** 2017 Carrie Pilby (Bel Powley) is a 19-year old genius, a year out of Harvard, living in New York City. Burdened with an overactive moral compass in a

world she considers to be populated by oversexed, deceitful hypocrites, Carrie finds herself isolated, friendless, dateless and unemployed. When Carrie's absentee father (Gabriel Byrne) insists she get a roommate or a job, and her psychiatrist (Nathan Lane), makes a list of goals she is to achieve between Thanksgiving and the end of the year, Carrie resists the mundane until her goal-oriented brain forces her to embrace these tasks with a vengeance. Others who unwittingly help Carrie achieve her goals include Cy (William Moseley), her didgeridoo-playing musical prodigy neighbor; engaged and confused Matt (Jason Ritter) who sincerely believes that cheating will bring him clarity; Carrie's former Harvard professor Harrison (Colin O'Donoghue), the genesis of everything Carrie hates; and new boss Tara (Vanessa Bayer), who convinces Carrie that it's not her job to be the moral guardian of the human race. Against best efforts, Carrie evolves into the compassionate person she never knew she wanted to be in this unique and charming comedy. Based on the best-selling novel. Bel Powley;Nathan Lane;Gabriel Byrne;Vanessa Bayer;Colin O'Donoghue;Jason Ritter;William Moseley;Desmin Borges

888608667487 Operator 2016 "Joe (Martin Starr) is a programmer with a crippling anxiety problem who is unable to deal with uncertainty. At work he is tasked with creating an interactive call center answering machine that can convey empathy. Joe recruits his wife Emily (Mae Whitman) who has the perfect voice for the system. Emily works at the front desk of a swanky hotel during the day and has an uncanny ability to soothe even the most irate guests (at night she performs with a comedy group). After years of being happily married, the pressures of work, family, and personal growth have strained their relationship. Emily sees this as an opportunity to reinvigorate their marriage and agrees to participate. What begins as a collaboration to strengthen their relationship quickly spirals out of control. Terrified of the uncertainty in their relationship, Joe becomes obsessed with creating the "perfect" version of his wife, becoming detached from the real Emily as he spends sleepless nights programming his automated Emily to fulfill his needs for sex and companionship. While Joe is losing touch with reality, Emily is losing faith in their future together. Joe will have to relinquish control and face the uncertainties of life if he wants to save their marriage." Martin Starr;Mae Whitman;Nat Faxon;Cameron Esposito;Retta;Christine Lahti

888608667500 Donald Cried 2017 Peter Latang (Jesse Wakeman) left working class Warwick, Rhode Island to reinvent himself as a slick, Wall Street mover and shaker. Fifteen years later, when he's forced to return home to bury his Grandmother he loses his wallet on the trip. Stranded, the only person he can think of to help him out is his next door neighbor and former childhood friend Donald Treebeck (Kris Avedisian). Donald hasn't changed a bit, and what starts as a simple favor turns into a long van ride into their past. Kris Avedisian; Jesse Wakeman; Louisa Krause; Ted Arcidi

888608667524 After the Reality 2017 Scottie Olson (Matthew Morrison) is once again trying to find purpose in his life, this time by vying for a woman's heart on "Young Bucks," a hit reality TV dating show. But after the sudden death of his father, Scottie is forced to quit the series and reunite with his estranged sister, Kate (Sarah Chalke), who put her life on hold to be their father's caretaker and who is grappling with her own grief. Moving back and forth between Scottie's turn in the national spotlight and his time reconnecting with Kate at their family's Minnesota cabin, AFTER THE REALITY is a funny and poignant story about loss, reality show romance, and a brother and sister's love. 888608667517 The Sweet Life 2017 "Kenny is a disillusioned and apathetic ice cream vendor. He meets Lolita, a quick-witted, downtrodden insurance actuary, on a Chicago bridge. Lolita invites Kenny to travel with her to San Francisco, where they will jump off the Golden Gate Bridge. Along the way, they meet a host of characters, and as their relationship deepens, they include each other in final connections with people they have known intimately: the woman who left Kenny at the altar, as well as Lolita's ailing mother. Kenny and Lolita are guarded - and even combative - with each other at first (as

they are with most everyone in their lives). But as they continue their journey, small details about each of them emerge and they soften. They begin, reluctantly, and certainly without having had proper practice in the art, to fall in love. As they reach San Francisco and Lolita's resolve to end her life intensifies, Kenny begins to waver. He knows that he is the only human who can stop Lolita from jumping ... and he is finally ready to embrace that challenge, and all the ones that will naturally follow in the course of a life lived fully." Chris Messina;Abigail Spencer

888608667531 Patchwork 2017 "Jennifer (Tory Stolper), Ellie (Tracey Fairaway) and Madeleine (Maria Blasucci) are three very different women with one thing in common: they're all dead. Well, sort of. After a night out, these three ladies wake up with the ultimate hangover - stuck in the same body, sewn together into a horrific Frankenstein-esque creature. With their personalities still intact, they must work together to pilot their new body, escape their captors, and survive. With the help of Garrett (James Phelps), a hapless med-student, the frightful femmes fatales use their combined skills, strength and reflexes as Stitch, and set out to find out who is responsible and why. Retracing their steps from the night of their deaths, the girls exact revenge on those who have wronged them, and might just find out the truth, if they don't kill each other first. A modern-day Frankenstein story with a feminist twist, Patchwork is high-octane tribute to the classic 80's genre movies that inspired it." Tory Stolper;Tracey Fairaway;Maria Blasucci;James Phelps;Corey Sorenson;Eric Edelstein;Jon Rudnitsky

888608667548 AWOL 2017 Lola Kirke (MOZART IN THE JUNGLE, MISTRESS AMERICA) shines as Joey, an aimless high school graduate searching for a way out of Pennsylvania coal country. A visit to an Army recruiting office appears to provide a path. However, a chance encounter with magnetic Rayna (UNREAL's Breeda Wool), a slyly seductive housewife and mother neglected by her long-haul trucker husband, changes Joey's trajectory irrevocably. As Joey falls more in love with Rayna, clouded judgment leads her down a path she can't turn back from. With powerful performances from Kirke and Wool, director Deb Shoal's feature film debut is a splendid and brooding meditation on the boundless possibilities of first love constricted by the trials of rural poverty. Lola Kirke;Breeda Wool;Dale Soules;Bill Sage

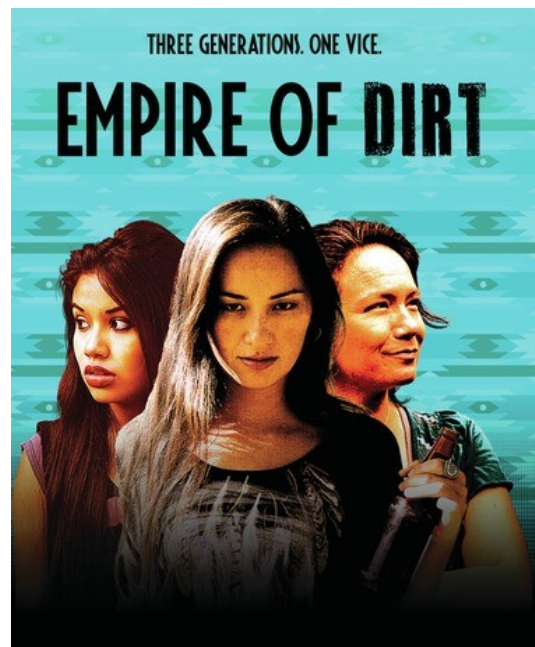

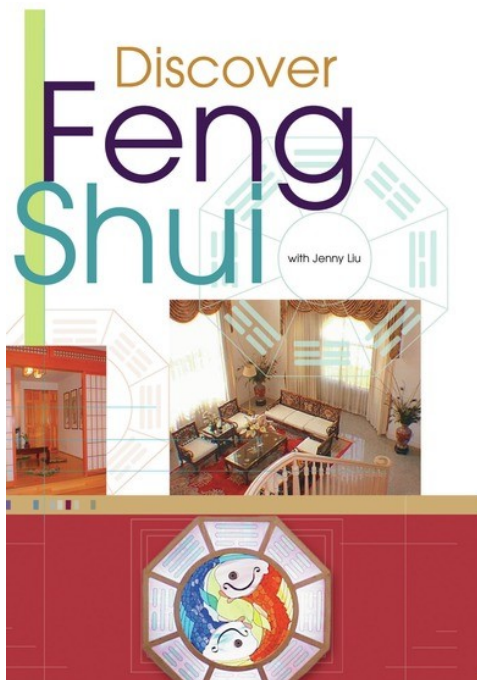

888608667555 Rainbow Time 2016 "Todd grew up under the strange shadow of his older mentally challenged brother Shonzi. As kids, Shonzi forced Todd to make action movies. As adults he pressures him to share love life details, even showing Shonzi a sex tape he made with an old girlfriend to help him cope when family tragedy hits. When their dad suffers a heart attack, Shonzi (now 40, and still a virgin) moves in with Todd and his new girlfriend Lindsay. Shonzi wants desperately to be included in their relationship like old times. 888608667562 Long Nights Short Mornings 2017 "James (Shiloh Fernandez) breaks it off with Katie, but feels bad about it. He doesn't like hurting people. At least he's seeing Monica tonight, she's always fun. He doesn't connect with her though, not like with Sarah - but they're just friends. He was close with Natalie too, until she moved to LA. That reminds him, he's going to work with that actress, Anna something. She's probably too famous to talk to him though. And besides, Lily should be back soon and he really wants to see her. Sometimes he misses Lorraine, but thinking about her just makes him sad. Whenever he feels lonely, he texts Rapunzel -that's not her name, he just can't remember it. He should really delete her from his phone. But he can't." Shiloh Fernandez;Ella Rae Peck;Paten Hughes;Layla Khoshnoudi;Christine Evangelista;Cassandra Freeman;Helen Rogers;Stella Maeve;Natalia Dyer;Ebony Noel;Addison Timlin

Over the past 16 years, an extraordinary group of musicians has come together to celebrate the universal power of music. Named for the ancient trade route linking Asia, Africa and Europe, The Silk Road Ensemble, an international collective created by legendary cellist Yo-Yo Ma, exemplifies music's ability to blur international boundaries, blend disparate cultures and inspire hope for artist and audience. The Sound of Silk, the latest film from the creators of the Oscar®-winning documentary 20 Feet from Stardom, and the critically-acclaimed Best of Enemies follows an ever-changing lineup of performers drawn from the ensemble's more than 50 instrumentalists, vocalists, composers, arrangers, visual artists and storytellers as they gather in locations across the world, exploring the ways art can both preserve traditions and shape cultural evolution. Blending performance footage, personal interviews and archival film, director Morgan Neville and producer Caitrin Rogers focus on the journeys of a small group of Silk Road Ensemble mainstays from across the globe to create an intensely personal chronicle of passion, talent and sacrifice. Through these moving individual stories, the filmmakers paint a vivid portrait of a bold musical experiment and a global search for the ties that bind. Stars Yo-Yo Ma;Cristina Pato;Kinan Azmeh;Kayhan Kalhor;Wu Man

09/12/2017 888608667579 The Music of Strangers: Yo-Yo Ma & the Silk Road Ensemble
 2016 Over the past 16 years, an extraordinary group of musicians has come together to celebrate the universal power of music. Named for the ancient trade route linking Asia, Africa and Europe, The Silk Road Ensemble, an international collective created by legendary cellist Yo-Yo Ma, exemplifies music's ability to blur international boundaries, blend disparate cultures and inspire hope for artist and audience. The Sound of Silk, the latest film from the creators of the Oscar-winning documentary 20 Feet from Stardom, and the critically-acclaimed Best of Enemies follows an ever-changing lineup of performers drawn from the ensembles more than 50 instrumentalists, vocalists, composers, arrangers, visual artists and storytellers as they gather in locations across the world, exploring the ways art can both preserve traditions and shape cultural evolution. Blending performance footage, personal interviews and archival film, director Morgan Neville and producer Caitrin Rogers focus on the journeys of a small group of Silk Road Ensemble mainstays from across the globe to create an intensely personal chronicle of passion, talent and sacrifice. Through these moving individual stories, the filmmakers paint a vivid portrait of a bold musical experiment and a global search for the ties that bind. 95:00 The Orchard Yo-Yo Ma;Cristina Pato;Kinan Azmeh;Kayhan Kalhor;Wu Man
