**646032041699 Civil War Minutes - Confederate 2 DVD Set 2010** "Though people often remember the generals and commanders from a major war, its outcome also depends largely on the nameless soldiers in the front lines. Illuminating little known history, CIVIL WAR MINUTES® - Confederate features rarely told stories of both the famous and average Confederate soldiers in the Civil War. This film reveals the intimate details of the soldiers' lives in their own words, such as their weapons of choice, their uniforms and how soldiers form fellowships during the war that last throughout their lives. How did General Thomas "Stonewall" Jackson earn his nickname? How did both Union and Confederate soldiers wield Confederate General John Chambliss' sword? This comprehensive documentary highlights never-before-told stories of Confederate soldiers, including accounts of the battle at Fort Sumter and a Confederate After Action Report at Gettysburg. Covering why few wartime photographs exist of General Robert E. Lee and an eyewitness account of J.E.B. Stuart's death, CIVIL WAR MINUTES® - Confederate has a wealth of facts and stories of major Confederate players in the Civil War.

**646032041897 Civil War Minutes - Union 2 DVD Set 2010** "Personal belongings open a window into the lives of those who battle in America's Civil War. The stories behind never-before-seen photographs, letters, artifacts and hundreds of rare paintings and engravings complete the picture of the Civil War in CIVIL WAR MINUTES® - Union. Small and unique objects, such as a drum from the Battle of Gettysburg with a hidden note inside, are pieced together to reveal the human element of war. This film also discloses the perspective of the average foot soldier through handwritten letters to family members. The real lives of ordinary people who leave their homes and families behind to answer duty's call for this new and inexperienced nation are featured. This documentary explores soldiers' everyday lives through the personal effects they carry into war."

Now, 20 years later, that boy (nicknamed 'Canada') serves in his father's command, neither one knowing the truth about their relationship. While tracking a German raider, Seville's ship is torpedoed and while some escape in lifeboats, Canada is taken prisoner. Damaged in the exchange as well, the German ship pulls into a well-hidden cove to affect some repairs. Canada takes the opportunity to escape, and after arming himself, he flees into the hills to conduct a guerilla war, hoping to slow the enemy's progress down long enough for reinforcements and rescuers to arrive.
