## Connecting Content with Consumers Volume 8 Issue 19

We are approaching my favorite time of year where our retailers and our Studio partners enjoy significant boosts to their bottom line as our DVD & Blu-ray exclusive titles bring added sales and new consumers seeking the titles they wish to own and cherish in their home video collections. Much has been said over the last weeks on digital ownership of content and the debate as to whether the consumer truly owns the content they purchase. With Allied Vaughn's MOD Entertainment technology, our model brings physical media products to consumers with the broadest of choices and the elimination of delisted, out of stocks or back orders due to lack of sales velocity. It's the perfect blend of commerce, choice and quality delivery of entertainment experience.

Content Acquisition 2018

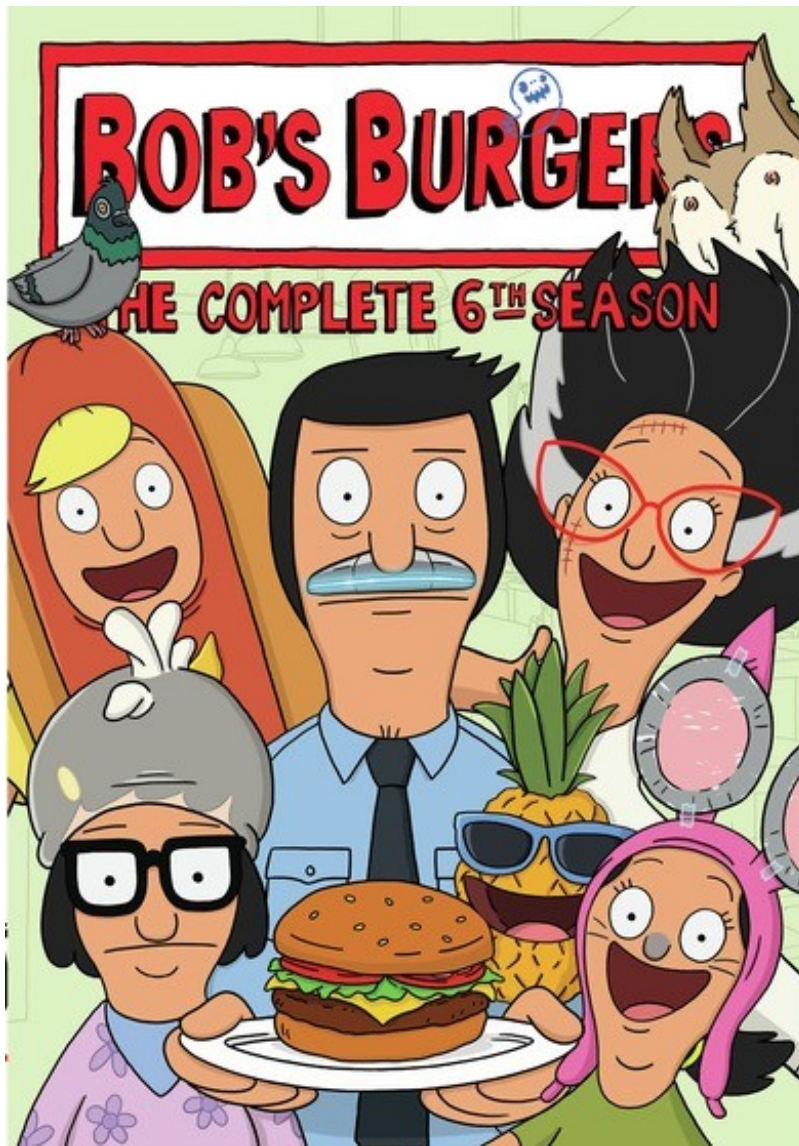

We have the content, close to 20,000 SKUs and 200 Studios!  
And needless to say, we've searched the world over for new studios and independent media companies to bring you and your online sales traffic the very best in DVD and Blu-ray films and television productions!  
Enjoy!
